

In twenty four years of ministry, hundreds of volunteers, donors and prayer partners have been involved with the work of **Care Net Pregnancy and Resource Clinic of Casper**

In addition to providing free pregnancy testing, limited STD testing and treatment, nursing consultation, abortion education and information on alternatives to abortion, the ministry also works to meet related needs:

Confirmation of Pregnancy using Ultrasound
Abortion Recovery
Adoption Support
Parenting and Sexual Health Programs

Our main goal in serving women is that they would be touched by Christ. When we help them face an unplanned pregnancy, our hope is that they will come to know Jesus. We ask you to pray for the patients who walk through our doors each year, and when given the opportunity, welcome them into your church so they can grow in faith, surrounded by a caring community.

If you would like to financially support **Care Net Pregnancy and Resource Clinic of Casper** or become a volunteer helping with patient interaction, special events, general office tasks or board membership, you are needed.

We have volunteer opportunities for men and women.

Future generations are at stake. Contact Gayle or Terry at:
